General Report Comments: Hugh and I, Elani arrived at the property and called out but nobody appeared to be home. We tried calling the numbers given but the one went to voicemail and the landline was rubbish removal. I then retrieved the right numbers from the microchip registration on Willow.

Willow was outside and was in good condition and had free roam of the entire property. The front door was open and there was a Camry in the driveway but nobody responded. We could also see a kennel from the road.

Due to what we could see from the outside. The pre and post home check was approved.
