General Report Comments: Hugh and I, Elani arrived at the property and met with the owner named Brittany. We asked whether we can do a welfare check on her dog.
She allowed us inside. We askwd why her dog has scars on his face and then she mentioned that people fight dogs in the road. She said one of the guys once told her that he is going to take her dog for a walk and returned it with facial wounda. One of the woman staying in the road said she saw the guys fighting with Jordan. I then immediately educated her about dog fighting and told her to inform us if she sees it and try and get a video of the person and dog. She said she will try. We also educated her about sterilization and gave her our information pamphlet with all our contact details and prices. She agreed to work with us.

Jordan has a large enclosed space at the back of the house and is allowed inside the house. He also is in good condition, has shelter and water.

No APA contraventions observed.
