General Report Comments: Hugh and I, Elani arrived at the property in upper pentz street. We asked the receptionist to show us the security dog. She said a guard is present and that she can assist us. We went to the back of the property where the dog was kept. We met with Lusanda.
The dog named Tucson was in the cage, had shelter, water and a rubber mat to sleep on. The cleaning equipment was outside of the cage. On the enclosure was the dogs information and emergency numbers. The dog is hired from Cape Canine Services.
Lusanda took us to the office and showed us the files containing all info needed regarding a security dog including the papa license. I noticed it has expired in September 2024. Lusanda also did not have her psira card with her.

I then issued awarning to :

- 1) Your Performance Animals Protection Act license has expired September 2024. Provide the SPCA eith a valid license within 48 hours.
- 2) Ensure all staff on sites have their PSIRA card with them at all times.

To follow up on PAPA license within 7 days.
