General Report Comments: Elani and I,Hugh arrived at diemersfontein.The security then let us in as they knew for what reason we were there.They also said that they will be sending someone to accompany us. We then went in the direction that they sent us.

We arrived at the area and it seemed okay from a distance .One of the security members then arrived and we greeted him.We then explained to him that we were there for inspection and that we were looking for Stephen.He then mentioned he knows as they have informed him about us but Stephen wasn't there at the moment.

He then agreed to take us through.Upon inspection we could see that the kennels were clean and everything seemed okay.The PAPA license was on the gate aswell and the dog only works for 12 hours and is on the outside during the day for atleast 1 hour when they clean.

As we were walking away Stephen arrived and he showed us all the documentation that we needed to see.We were pleased.

See attached documentation for extra information.
