General Report Comments: I, Hugh arrived at Medicross and spoke to the receptionist. She then said that she will take me through to one of the complainants. I then spoke to her and she took me through to where the cats are as we have been there before. I then asked her what she would like to do with the cats. She then mentioned that she wants to cat trap some of them and then sterilize them.

I then advised her that we should trap just before and available sterilization date. She then agreed as she wants to pay for it herself. I then mentioned to her that we have sterilization on Friday so I will speak to my manager and then I will let her know.

I then left.

To follow up tomorrow.
