Comments:	Simoney September and I arrived at the court for the meeting that was scheduled with Mr Saptoe. We were called into his office just after 11 h00. He started by asking me whether I saw Mr Abrahams today. I said yes at the veterinarian. Mr Abrahams was not present yet. I told him that I would like to have my legal representiative present before answering any questions. He then accepted this and said the legal representative has to work with the court times and why isnt the legal representative present today at the meeting time set telephonically. I told him that I asked mRs Joubert for a postponement as he is only available from 13h00. I then asked what the purpose of the meeting is, a court case? The magistrate refused to answer my questions as my legal representative is not present. Mr Abrahams then entered the room in his robe. Mr Saptoe informed him that I asked for a legal representative and that the matter will be postponed. Mr Saptoe then asked Mr Abrahams which time would suit him the following day. Mr Abrahams said anything before 12h00 in the morning. They then agreed at 09am on the 6th of March 2025. Mr Abrahams asked what the state of affairs are and Mr Saptoe said that it was supposed to be a discussion but unfortunately we cannot go forward with the meeting as I requested a legal representative. Mr Abrahams then asked whether he can fetch his dog from the veterinarian and Mr Saptoe said the court declares he can have the dog until the legal representative is prese
