General Report Comments: Elani and I,Hugh arrived at the property.We were then greeted by Hilmar.We then explained to her the nature of the complaint.She then agreed to have us do a walk through.

We then walked through and we could see that Layla was still large and healthy .When I asked her what she fed she showed me a bag of mixed dog food that she buys from a local shop.

We then walked to the back where Max was being held in a camp .We could see that they made it more spacious and he looked happier.

We then noticed that they have a small cat aswell which is a female .We then explained sterilization to them again and we gave them pamphlets.

The dogs and cat are in good condition.
