General Report Comments: I, Hugh arrived at the property and I greeted Morne who was the owner of the property. I then explained and asked him whether there was any injured animals. He then explained there were none but Bella who we sterilized had got lost and apparently she was limping. This he had not seen but the neighbour mentioned it to him. He had not seen her in a very long time. They also suspect that she has found a different home where she's being fed since she was in good condition when she returned and then she disappeared again.

He then told me to come inside and I could see the rest of the dogs were in good condition.

I also saw they had food and water. I then explained to him that if Bella returns he should put her in the house and call us so we can assess. He then agreed.

NFA until further notice.
