General Report Comments: I, Elani arrived at the property for the home inspection and met with the mom and daughter. They have two jack russels that are used to cats as they have owned a cat previously. I reiteratex on how to introduce a new kitten to the house and they were already well informed. They do not have a pool and will keep the kitten in a room at first. Jolene also works from home and will be able to keep an eye on Finley during the week. They use WAHG as a veterinarian.

The home check is approved. To do a follow up within a year.
