General Report Comments: Hugh and I arrived at the cottage on the farm. Their cottage has an open yarx and no fence surrounding it. The cottages are against the mountainside and is fynbos friendly. They do not plan on putting up fencing. Thus they want either a puppy they can train or a dog that is cat, child and human friendly.

They did mention that they did not make ip their minds and have been to other welfare organizations and doesnt want to make a rash decision on which animal to adopt.

They have a baby and two cats.

Their other dog has died over the weekend because of age. The animals are allowed inside the house. They also work from home .

They will keep us updated when they make a decision.

Pre home inspection passed.
