General Report Comments: Hugh and I, Elani went to Berties car and asked a worker where Jonathan stays. He immediately said he saw there was a post on facebook regarding his dog that was beaten.

He took us to the property next door across the road. This address is actually 23 Stokery Road and the owners stay at the back of the property in a brown wendy house.

We called out and was met by Sermeen. We introduced ourselves and she gave us access to the property. We saw one long hair dog named Milo. He was in very good condition. He was inside the yard, has shelter, a bowl of water and a running chain for when they have visitors over.

Sermeen said that Milo ran out one day and Jonathan ran after him and hit him because of this. We noticed he is not sterilized. We all agreed this might be the reason he wants to escape. So we educated Sermeen about our sterilization and that we sell stuff like dip etc.

I then issued a warning to:

1) It was alledged that you beat Milo. Refrain from doing this immediately. If evidence of this is obtained , we can take further action.

Sermeen signed the warning on behalf of Jonathan. No injuries were observed on Milo.
