Comments: Good morning Liz

I hope that all is well on that side.

Please use the pin location below to navigate to the farm. You drive in through the white pillars that say "Leeuwrvier", onto the gravel road. Then you go straight until you reach a tall palm tree in front of the main house, at which point you turn right to get to the cottage next to the oak tree. If I am not there yet, my fiance will receive you.

Please feel free to call 073 294 9450 (me) or 060 526 2494 (Gavin, my fiance) if you struggle to find the cottage.
