General Report Comments: I, Elani arrived at the property and met with Duncans wife who was at home with her son.

They have a dog that is kept outside most of the time. He is not sterilized and roam freely outside.
They have a stoep area where his kennel and water is kept.

Nutmeg will be kept inside and they do understand on how to introduce a cat to the family.

They signed a sterilization contract for Nutmeg to be aterilized the 2nd of may and will sterilize Duncan the 4th of April through us.

The wife is mostly home and tutors when schools are going at most for 2 hours a day.

Lovely home.

Home check approved. To recheck in a year.
