General Report Comments: I, Elani arrived at the property and met with Marelle. They have a large house envlosed bu pallisade fencing in front and vibracrete around the rest of the house.

They have 4 cats and a dog already that are all sterilized. We went inside the house and I saw many cat beds, toys, scratch posts, water bowls, food bowls. They have a baby gate seprating the kitchen from the rest of the house and an envlosed braai room. This area is for the beagle to roam in so that the cats also can roam in one side of the house. I noticed the beagle had a growth and asked about it. She claimed Tygerberg Animal Hospital Bellville said Fiela is too old to put under anaesthetics for removal and chemo. They said she must keep an eye on her temperament until she doesnt eat etc.

Marelle works from home and understand the introduction of a new cat to the family.

Pre home check approved.
