General Report Comments: Elani and I,Hugh arrived at the property. We then called from the outside and one of the tenants came from across the street. We then greeted him and he mentioned that he lives at the property. We then explained to him the nature of the complaint and he looked surprised .He then allowed us access.

We then went inside the property and we could see from a distance the dog looked in okay condition. We then went closer and the tenant mentioned it's not his dog but his brothers but they look after the dog from time to time.

We then asked where the dog sleeps and they mentioned they let the dog inside in order to sleep inside behind a closed door when weather conditions are harsh.

We were then pleased and left.
