General Report Comments: Shelden and I, Hugh arrived at the farm. I then saw an elderly lady and greeted her. I then explained to her that I am looking for a dog who is underweight and one of the tenants then came forward and directed me to the house where the dog lives.

I then went towards the property and saw the tenants on the outside. I then stood at the front gate and could see two dogs roaming in the yard full of ticks and fleas. I then greeted the tenants and introduced myself. They then allowed me access. I then asked Stuart who is a tenant there, how many dogs are on the property. He then mentioned that there are 3 dogs and I asked him to show me the 3rd one. He then brought Snowy and I could see that Snowy was underweight. I then asked where the owner was and he mentioned the owner is currently at work.

I then asked for a phone number in order to speak to the owner and they mentioned that they do not have his phone number. I then mentioned that it will be good to speak to the owner directly thus I wanted a contact number and they understood.

I then asked when he gets paid and Stuart said the owner gets paid on Friday. I then saw that the water bowl for the dogs is empty and asked him to immediately fill it.

I then issued Notice to comply 012 to:

- Ensure to provide Snowy with adequate food within 7 days.
- Ensure to provide Snowy with clean drinking water immediately.
- Provide all dogs with tick and flea treatments within 7 days.

To follow up next Monday.
