General Report Comments: I,Hugh arrived at the property and the complainant opened the gate for me.I then greeted her and she explained to me the situation.She then guided me to where I should go.

I then approached the house and knocked on the door. The owner Alta then gave me permission to enter.I then entered the house and could see Tinkie was in good condition .I then spoke to her and she mentioned that they will be moving to paarl soon.She is in a wheel chair so she would rather have tinkie close to her rather than her breaking out and then Alta can't do anything as she's in a wheel chair.

I then understood and she showed me Tinkies food aswell as water and bedding .
