General Report Comments: I, Elani arrived at the property and saw a women outside and two small dogs. When I called for her attention, she refused to come out. I then called Jefton and Ania picked up. She said she will be ten minutes if I wait for her. After 20 minutes she arrived and took me inside the property to show me Brock the pitbull.

The two smaller dogs are in good condition and both are sterilized. She told me that the owner got dip but doesnt dip his dog. We went to the back where Brock is kept. He was free roaming and sleeping in the outside bathroom. He also had access to potable water. His skin looked fine.

Ania then complained about the dip again. I then decided to give her a new bottle of dip and explain yo her exactly how to administer it. She was thankful for this.

No welfare voncerns were found as all animals are free roaming and has access to water and is in good condition.
