General Report Comments: I,Hugh arrived at the property and was greeted by Mercial Adonis's daughter.She then allowed me access.I then walked through and asked her whether she had any experiences with cats.She then mentioned that they had 3 cats but had to surrender them in the beginning of the year but felt they made a big mistake.

She then mentioned that due to their daughter living at the university they could not cope with the three cats or that they were not getting enough attention.They quickly realized it wasn't the best decision and they regret it.

I then noticed their dog who was in good condition aswell as the fishes tank being clean.I then explained to them that they will only be getting the cat tomorrow and they seemed greatly disappointed.I then explained to them that I cannot discharge an animal as I do not work in admin.They then understood.

Homecheck approved.
