CHECKLISTS

General Report Comments: I, Hugh arrived at the property and was greeted by Christo. He then allowed me access and we did a walk through. He mentioned that he does have a dog but the dog is staying with a friend of theirs who usually goes out with the dog.

I then understood and could see that the house was big enough. He then showed me a book of him researching German short haired pointers and he also mentioned that he has a lot of experience with them.

Overall the home was good and I approved it but the owner then stated that the dog will actually be living with his daughter. I then explained to him that considering the dog will be microchipped and all these things the daughter needs to apply with her address. He then understood and mentioned his daughter lives at Bergzicht 55 in Malmesbury.

I then mentioned we will get back to him.
