General Report Comments: I, Elani arrived at the property and I met with quite a few people on the property. Most of the people introduced me to Adriaan Ventura who is the son of the owners dogs .

I asked quite a few times where the dogs were as the previous place they were kept in was open and cleaned. Adriaan told me that they are inside their house. I went inside and they were inside the house with the family. They did charge at me that the owners had to keep them away from me to let me out safely.

I then explained the wall building scenario to Adriaan , a tenant and an old lady in order to give the dogs space and shelter and in return they will be better protected.

I issued a warning again to:

1) Ensure to enlarge the dogs enclosure by building a wall as discussed within 7days. This will ensure that the dogs has access to shelter as well.

To do a follow up next week as all agreed and adriaan signed the warning .
