General Report Comments: Elani arrived the property and met with Renaldi. They have recently moved in and are busy renovating their home.

On arrival everyone was home. It is a large property with seperated feont and back yard. There is a pool but it is covered. They have one cat already. They have a water feature for the cat and already bought things for the new kittens. They understand the slow introduction of new kittens to ensure their safety.

Teh vibracrete wall to their one neighbour is one meter but they are planning to make it higher as they do have small dogs. They also have spikes on the rest of the walls. Renaldi works from home and will be able to montitor the kittens closely.

It is a lovely large home for cats.

They use WAHG as their veterinarian.

Pre home check passed.
