General Report Comments: I, Elani arrived at the farm and met with the owner. They have a large property on the farm and have many animals. They have a massive camp where the alsations and Mallinois are kept as she used to breed with them. They are all now sterilized and go for a daily farm walk every day. On the other side of the house she has another big piece of garden. There the smaller dogs and chicken are kept.

She also howed me a catio that she is busy building for one cat she picked up that is a bit feral. This will allow the cat to go outside.

Inside the house there are multiple beds for the smaller dogs and she also has a kitten.

She wants to adopt Leia for Ameera as a friend.

Magdaleen does not work and spends time with her animals the entire day.

The cats will be kept inside most of the time and the power breed dogs are kept away from all the other animals.

Pre home check passed.
