General Report Comments: Elani arrived at the property and met with the owner. They have a large two story home.

They have a german shepherd that is allowed inside and outside. He had several beds on the lower floor and eats Hills food.

I educated the owner about the introduction of cats and he understood. He says the dog is fine with cats but I said if they want they can keep the cat upstairs in the beginning away from the dog until its bigger. They will have to monitor the dog and cat.

They use WAHG. They will pick Gabs up any yime after Monday.

Home check passed.
