General Report Comments: I, Elani arrived at the property and met with Heinrich after the kids on the property called him for me. He is a mechanic and has quite a number of dogs on the property that are all free roaming.

Coola, and Bruno free roam in the front yard and has access to shelter and water etc.

Bella belongs to tenants and has her own backyard that she stays in with shelter and water. She was also allowed inside the house. She was very slightly underweight.

Leila, Monster and the pups were kept in a separate enclosure at the back yard with their puppies and the area was also clean. They had a kennel and access to water.

I then educated Heinrich on sterilization and our mobile clinic that is literally across the road from them. I also gave him an information pamphlet regarding this.

I did not find any contraventions of the APA at the time of my visit like the thin dogs that were mentioned. Therefore I educated the owners as best I could.
