General Report Comments: I, Elani arrived at the property of number 58 and saw two dogs free roaming. A woman called Sari came to meet me and then we saw that the actual complaint is about 40 September.

I could see two underweight dogs on static chains whereas the pitbull did not have access to shelter and the female mix breed had a chain around her neck.

I then issued a warning to:

-Your dogs are underweight and kept on static chains.

- 1) Provide adequate food twice a day for your dogs within 48 hours. (Do not feed potato peels, pap, bones, preferably puppy food)
 - 2) Provide each dog with adequate shelter (three sided, lifted flooring, waterproof roof) and adequate running chain within 7 days.
 - 3) Provide your dogs with dewormer within 48 hours.
 - 4) Provide your female x breed with an adequate collar within 7 days.
- To contact me within 24 hours.

Sari Goosen signed the letter on behalf of Ricky with an "X". I placed the warning in a plastic sleeve with our information pamphlet.

To follow up on Friday.
