General Report Comments: I, Elani arrived at the property and saw that both dogs were free roaming in the property.

I called out and spoke yo Ricky and he explained to me he just needs his pay to get wire to set up a running chain. I noticed his dogs stays inside the yard despite one piece of the fence that does not have a gate.

However, Aleya does seem to gain weight. He showed me the food he bought for her and bought dewormer for the dogs.

Because of the compliance, I told him that I can help him with an additional kennel and a pallet as a gate. When I said this, he seemed shocked and was so grateful at the suggestion. He is working tomorrow.

He went to his cousin next door named Baba that said she will be home tomorrow. We agreed to meet so that I can drop a kennek and pallet for Ricky to help him. He would not need to chain his dogs if he puts up a pallet gate. He immediately understood making a gate from the pallet.

To return tomorrow.
