General Report Comments: Luciano and I, Elani went out to Diemersfontein on Jan van Riebeeck drive to look for the dog running in the road. We met with the complainant and drove from springbokweg to checkers unable to find the dog.

Luciano and I decided to drive against the roads on Jan van Riebeeck drive to look for the dog. We went into Van Wyksvlei road and found the dog in the road. We tried to catch her and then she ran into a property at 58 van wyksvlei road. There were several people on the property of which one was cutting hair. When I asked whose dog it is they said the owner is a woman and at work. I asked her details but they wouldnt give it to me.

I then noticed Fredericks from Law Enforcement driving by and stopped him to assist as I did not bring my warning book as I thought it was only a collection of a stray. And the mobile clinic was out with my books at that time. Fredericks then issued a warning of which I took a photo and left it with the people.

I then decided to come back again to follow up on the dog and animals on the property.
