General Report Comments: Sheldon and I, Elani arrived at the property and asked whether Linda is home. Eventually a male coloured man was able to speak with me without being hostile.

I asked whether Linda has built a running chain etc as I have asked her and if I can be allowed to check. I saw that Linda did what she could and placed Tess on a running chain with her water bowl in a tyre. She still had a chain around her neck.

.i then gave the owner a collar to give to Linda to place on Tess and explained that any type of piping would be sufficient too. He understood and said they will make a plan by tomorrow. Nobody on the yard can work with Tessa except Linda.

I then asked the man about the Jack Russel dog and he told me she died. I then told him that the other person I dealt with was extremely hostile and I wanted to offer my assistance to prevent that from happening. I gave this man our contact details for future.

To check collar tomorrow.
