General Report Comments: I, Elani arrived at the property and met with Jacquo. He lives in a large farm house with a large fence surrounding it. The fence is 1.5m.
He has another old husky dog with arthritic issues. He has shelter and access to food and water.

I then went inside the house and saw it was quite big. He did mention that he wants the dogs outside most of the time. I told him that the two are escape artists and that he needs to keep them in the house and monitor them when outside as I am certain they will run.

We then discussed the farm fence where he explained that the only way they can escape is by the main front gate. I suggested he goes outside with them on a lead to show them where their home is.

I also suggested getting another outside kennel which he agreed to take the one we have.

He also wants to pick them up on Monday when everyone is there to help monitor. His father was away for the weekend.

He did call back to say he wants to prep the house before taking them as well and they want to heighten the fence.

He also said he will monitor his dog with Stella and Kai and ensure they do not hurt him.

He uses WAHG.

Pre home check passed.
