General Report Comments: Luciano and I, Elani arrived at the property just as the owners were leaving for the evening. As we arrived I saw Saskia running up the stairs.

Lee anne came out and gave us access for the post home check. They still have the same animals at their property. The animals were inside the house when we arrived and had access to the back yard as well. They have an open swimming pool but had no accidents with their animals. Inside the house there were many bowls and beds in the house. The dogs get along with the cat.

Leeanne showed me pictures of Saskia lying in her bed in front of the fireplace.

The animals are in good condition.

Post home check approved.
