General Report Comments: Luciano and I, Elani arrived at the property and met with Johanna, her daughter and her granddaughter. Grietjie and Boesman were in the front yard as we arrived. They had two massive bowls of water available to them and free roam of the yard.

Boesman has gained a lot of wieght but looks happy and protective. Johanna showed us the additional kennel in the front yard for Boeman. He aslo had to Afripet winter jackets.

Inside the house they have multiple beds and are allowed inside. She took us to the back yard to show us an additional kennel. A part of the yard is closed with Bonsai trees and this is when I heard Johannas husband died February 2025. I told her I was sorry to hear and she mentioned that at least she has Boesman to look after her.

The animals are really taken care of well.

Post home check approved.
