General Report Comments: I, Elani arrived at the property and met with the husband and the son who were at home. The son owns a brown labrador.

We went inside the house. Paris has grown into a medium to large dog. He was inside the house as it was raining with the remainder of the other 3 dogs. Two of the Shepherds has passed away in the meantime.

There were multiple beds inside the house and they work from home so someone is always present.

Paris is also skittish but bonded with the owners.

Post home check passed.
