General Report Comments: I, Elani arrived at Masjid Fatgh and observed an enclosure covered with shade cloth. When I looked inside, I saw 6 sheep that had no access to water, food and shelter.

Anwar then arrived and told me they are only slaughtering the following day. I informed him that they need to get the sheep adequate shelter, food and water before the end of the day.

I then asked the two handlers to show me how they pick up a sheep and they carried it upside down. I then picked one sheep up for them to show them how to pick them up correctly.

I then asked each one of the two guys to show me to do it. And they did it correctly.

I then issued a Notice to Comply to:
Your sheep for Qurbani does not have access to shelter, water and food.
1) Ensure the sheep has access to water at all times.
2) Ensure to provide food for the sheep by 17h00.
