Comments:	Anneke called to explain what happened with her chickens. They have a problem with the neighbours staying behind them. Their dogs keep jumping over the fence into their yard. On Sunday they went away and when they came back the dogs were in their yard and killed three of their chickens. They reported this to Law Enforcement as well. I also gave her their whatsapp number. She also said they got the permit bit never went to pick it up. She will ask her husband about it and make a point of getting it.
