General Report Comments: I, Elani arrived at the property and met with both Silka and Ilze that were home. I asked whether I could see the dogs and Silka took me to the back. I immediately saw that they worked quite hard in cleaning the yard from debris and the grass was also cut.

They have three dogs named Lulu, Skyler, Sia. Lulu is now pregnant. They don't have jobs at the moment.

I gave them Triworm for their animals and showed them how to administer it.

I told them that we will bring a donated kennel on Monday and that I will speak to my manager about sponsorships to get the two females sterilized. They agreed. Silka will be at work and Ilze will be at home.

I came back to the office and Liz agreed to get sponsorships for the sterilizations. To follow up on Monday and to pick dogs up Thursday evening for sterilization.
