General Report Comments: I,Hugh arrived at the property.I then called outside the fence and the owner Martin arrived.I then greeted him and introduced myself.

I then asked him whether the tan female was lady and he mentioned that it is her.I then could see that she had gained some weight.He then told me that the owner of the farm had her at the animal hospital 3 weeks ago as she was close to death.

I then told him that I would be back in about 2 weeks to check up on her again aswell as speak about sterilization.I then gave him the emergency number and made sure he sent a message so that I could have his number.

To follow up in two weeks
