General Report Comments: I,Hugh arrived at the property and was greeted by Mr.Albertus.I introduced myself and he allowed me access.

I then did a walk through and saw their cat laying on the bed which was also a cat adopted from us a while back.He then mentioned that they had multiple cats adopted from us one which passed away about a month ago.

The environment looks well and they were very excited.I then approved the homecheck but also educated them on first introducing the kittens slowly to the older cat.I also explained they should supervise the kittens when they wander around and they understood.

Could not upload photos as there are problems with tracker to try to upload photos later.
