General Report Comments: Elani and I,Hugh arrived at patatskloof in order to inspect the last home on the right which belongs to Morne Samuels.On our way towards his house we spotted a dog on a static chain and we first decided to head to Morne,then come back to inspect the dog on the static chain.

We arrived at Mornes home and his mother was there by the name of Dora .She was visibly irritated and kept on asking who the complainant was.We then explained to her that we can see the black dog who was put on a runner before was on a static chain again.We then explained to her again that the dog needs to be on a runner again and she understood.

Elani then issued warning 159 to:

- Provide Lady with a running chain within 7days.
- Provide Lady with an adequate collar (belt,tubing piping)within 7days.

We then went to Samantha Mckenzie's home.

We then called from the outside and Samantha came outside and we greeted her .She then allowed us access and we explained to her that the dog needs to be on a running chain aswell as the living environment needs to be cleaned.She then understood.

Elani then issued warning 160 to:

- Provide Piper with a running chain within 7 days as he is on a static chain.
