General Report Comments: I,Hugh arrived at the property and called from the outside.it seemed nobody was home.

I then walked towards my vehicle in order to write out a contact notice to comply.I then did so and walked to the gate in order to leave it at the gate.The owners wife Jamie then greeted me from the inside.

I then greeted her and introduced myself.i then explained to her the nature of the complaint and she called her husband.She then gave me the phone and i spoke to him in order to clarify my reason for being there.

He then explained to me that he works until half past 5 and that he does not want his wife handling the aggressive boerboel because his wife is pregnant.I then understood and asked his wife to take photos of water as the living conditions of the dog was pretty much visible.

I then found no welfare concerns and left as the barking is a law enforcement matter.
