General Report Comments: I, Hugh arrived at the property and Beulah was there to greet me. I then introduced myself again as me and Elani have been there before. She then mentioned she wants to sterilize her dog and that's the only reason she called. I then explained to her how sterilization works and asked whether all dogs roam freely on the property. She mentioned that they do and that she just wants to focus on her own dog.

She also explained her financial situation and I gave her the emergency number so we could communicate on there for sponsors. I also gave her a mobile clinic pamphlet and a sterilization form.

All dogs I saw roaming freely was in okay condition.
