General Report Comments: I,Hugh arrived at the farm houses and spoke was greeted by Jenay Booysen.I then greeted her as I have been there before.I then saw two dogs with her that looked in okay condition.

I then asked her where she lives and she walked with me towards her property.I then asked her where her shelter was and she showed me a three sided Wendy thar the dogs were sleeping in .I was then pleased.

I then walked to Moos mentoors home and he's property was adequately fenced and he only had one dog on the property that I could see as he mentioned his dog was hit by a car a while back(that we sterilized).

All animals were in okay condition I just educated them on fencing the area properly as there will constantly be problems for them if they don't have proper fencing.

I then left.
