Comments:	Hugh and I, Elani tried to find the bull but had to call the complainant regarding the location of the bull. We found them next to the road and found the bull inside porki town by the second circle . We asked around to find out who the bull belongs to and there was one guy who kenw where the owner stayed. The bulls hind legs were injured and he could barely stand. Simoney called Fredericks to assist us. Hugh took the guy with him yo show him where the owner stays. The onwer stays at G39 Jantjies street Mbekweni and agreed to sign the bull over for PTS as he had tried to medicate him through WAHG. Whilst they were on their way, Fredericks arrived and accompanied me to keep an eye on the bull. The owner Willy and Hugh arrived and he agreed to us putting the bull to sleep humanely. Hugh and I euthanized the bull. Yhe owner agreed to dispose of the carcass. NFA See attached admission form.
