Comments:	I contacted Paarl Veterinary hospital to determine whether Ceasar was taken there over the weekend . They could not find any details of Ceasar and his owners on their system. They asked me to provide them with the correspondence between the owner and I and to provide a picture of the wound on the dog. They called back and confirmed that nobody came to them over the weekend with a dog like this and they wouldve at least shaved and cleaned the wound. They agreed that this is severe and that a court order is necessary to remove this dog. I spoke to Marilize. To type court order.
