General Report Comments: Elani and i,Hugh arrived at the property. We then greeted Ellen and she allowed us access. We then walked through and could see the puppies were in good condition.

We then went to the back of the house and saw shelter that was not adequate as it was not raised from the floor. The structure was also unstable but Ellen explained her son will fix it by the weekend. She also mentioned that he most likely will also be taking the dog with him. While at the back we could also see the place was full of rotten wood and nails.

Elani then issued warning 164 to:

- Ensure to fix the shelter(raise flooring)and provide adequate shelter within 7 days.
- Ensure that the dogs have access to water at all times.
- Provide all the dogs with dewormer and adequate food within 7 days.
- Provide the dogs with a running chain within 7 days.
- You can surrender dogs over to spca.

To follow up next friday.
