General Report Comments: I,Hugh arrived at the property and called Cecileen from the outside.She then proceeded to come to the gate and allowed me access.I then introduced myself to her.

We then walked through and she told me that she has chickens but she had introduced a dog to them before.I then looked around and she also explained that she will have Nala settle in first before introducing her to the rest of the animals.

I then entered her home with her permission and i could see their cat laying in the inside.

I then told her to be supervising constantly and she knew what needed to be done.Homecheck approved.

To follow up in a year.
