General Report Comments: I, Hugh arrived at the property and was greeted by the owner. I then introduced myself and explained to her the nature of the complaint. She then understood and allowed me access after moving the dog as he is highly aggressive.

I then did a walk through and the owner showed me the food that they have as it was alleged they starve their dog due to them being away for long periods of time. The owner whose name is Johannes said it's true that they are away but they come back daily to care for the dog as I could see the dog's condition was well.

I then gave them deworming and dip as they mentioned they struggle with ticks and fleas. NFA.
