General Report Comments: I, Elani, arrived at the property and met with Mr Cox. He was outside busy replacing mesh on the front gate to ensure the dogs doesnt escape.

He allowed me inside. They have 4 cats and 2 pugs. This is a massive corner property with garden all around. They have a pool that is fenced off and covered.

The house inside is also very large. There are several cat yoys and dog beds in and around the house. The daughters room is at the end of the hallway and has a gate to keep the two older cats on that side of the house. She will also look after Milly here.

Lovely large home. Dad works from home and they use Die Ark vet. Mr Cox also agreed to bring the two dogs for a meet and greet. This went well.
