General Report Comments: I, Elani arrived at the property and met with Shahiedah who was home. They have a large fouble story house with pallisade fencing right around the housed. This is also covered with mesh all around to prevent escape. They also have a covered balcony.
They have one cat who is mostly kept inside for safety reasons. He is in very good condition and allowed to go anywhere inside the house. He has a litter tray and bowls and toys all around the house.
They also have guppy fish. I havent seen such a well equipped and clean tank in quite some time. The Salies are retired and at home most of the time.
It is a lovely house suitable for cats. I noticed their neighbour has a dog and they have a low connecting wall. This is when Shahiedah told me the cats dont go into the back yard. They use the mobile clinic as a vet and WAHG when necessary.
