General Report Comments: Luciano and I, Elani arrived at the property and met with Reniel who was at home. I informed him about the complaint and that I have the contact info of the person who has his dog.
They have 3 cats and 2 dogs who were present at the time. His kids was also at home. The house was clean inside and I saw pet beds. The back door was open for the dogs to go in and out of the house.
We then went to the back yard. The yard is massive. There was a wendy house open and a back room for the dogs with water bowls, food bowls and beds just for them.
The animals were in good condition and I did not see any welfare concerns.
I then gave him the cellphone number for the woman that has his dog with her.

No welfare concerns observed.
